Education

Galgotias University

B.Tech - Computer Science (CGPA: 8.57/10)

Greater Noida, India

Nov 2022 - Jun 2026 (Expected)

- **Core Subjects:** Data Structures & Algorithms, Database Management Systems, Software Engineering, Mobile Applications Development, Machine Learning, Operating Systems

Work Experience

MERN Stack Development Intern (On-site)

Main Flow Services and Technologies Pvt. Ltd.

Jul 2024 - Sep 2024

Greater Noida, India

- Developed AI-driven full-stack applications using **MongoDB**, **Express.js**, **React.js**, and **Node.js**, integrating ML personalization and agentic AI workflows to boost UX by 30%.
- Implemented **OpenAI GPT-4 API** for chatbot functionality, enhancing user interaction by 25%; conducted basic **usability testing** to refine conversation flows. **actionable insights** that optimized **product decision-making**.
- Collaborated with cross-functional teams via **Agile**, achieving 95% project completion and reducing development time by 20%.

iOS Development Intern (On-site)

Infosys Ltd.

Mar 2025 - Apr 2025

Mysore, India

- Spearheaded development of secure iOS applications using **Swift** and **SwiftUI**, achieving 95% security compliance score.
- Architected **Supabase** authentication SDK in iOS, reducing login friction by 40% and improving user experience; validated through **qualitative user feedback**.
- Orchestrated **Firebase Firestore** real-time sync in iOS app, achieving 99% data consistency and 60% crash rate reduction.
- Facilitated Agile teams using **Jira**, achieving 95% test coverage through iOS unit testing with XCTest framework.
- Collaborated with product managers and designers to gather requirements and translate insights into clear technical specifications.
- Accelerated iOS app performance through lazy loading and Core Data optimization, reducing app launch time by 30%.

Technical Projects

NeighborFit - Neighborhood Discovery Web App [🔗](#)

- Built NeighborFit web application using **React.js**, **Express.js**, **Node.js**, and **MongoDB** with **RESTful APIs** and **GraphQL**, serving 1,000+ daily queries.
- Constructed secure **OAuth 2.0** authentication flow with **JWT tokens**, reducing user onboarding time by 15%.
- Implemented **AI-powered recommendation engine** achieving 95% accuracy for neighborhood discovery and user matching.
- Optimized database queries and implemented caching strategies, reducing API response time by 40% and improving overall application performance.

Faby - iOS Toddler Health & Development App [🔗](#)

- Created **Faby**, a childcare iOS application with 15+ modules using **Swift** and **SwiftUI**, establishing **AI-driven** diet recommendations and Vaccialert feature with **Core Data** and **CloudKit** integration.
- Constructed secure authentication using **Firebase** and **Supabase** with **CRUD operations**, supporting 1,000+ concurrent users at 99.9% availability, improving data consistency by 50% and reducing errors by 60%.
- Established **CoreLocation API** for hospital proximity search with 95% accuracy, enabled automated scheduling with **EventKit** and **MapKit**, achieving 95% user satisfaction with **push notifications** via **APNs**.
- Executed **unit testing** using **XCTest framework** achieving 95% code coverage, configured automated deployment using **Fastlane** for **CI/CD** pipeline. Currently available on **TestFlight** for beta testing.

Technical Skills

- **Programming Languages:** Java, Python, JavaScript (ES6+), SQL, HTML5, CSS3
- **Frameworks & Libraries:** React.js, Angular, Node.js, Express.js, SwiftUI, Tailwind CSS
- **Databases & Cloud/Tools:** MongoDB, Firebase, Supabase, Docker, Git/GitHub, REST APIs
- **Testing & Practices:** Unit Testing (XCTest, Jest), Agile/Scrum methodology

Certifications and Achievements

- Oracle Cloud Infrastructure 2025 Certified Generative AI Professional – [Oracle](#)
- Compiler Design Certificate – [NPTEL](#), IIT Kharagpur
- Full Stack Web Development – [Udemy](#) (Angela Yu)
- Selected among the top hundred in 4000+ students in iOS Developer Program by Apple
